

is not conducive to structure to be shown in the drawings. Accordingly, reconsideration and withdrawal of the objection to the drawings is respectfully requested.

With respect to the outstanding rejection of Claims 1-7 under 35 U.S.C. §103, as allegedly being obvious over Bruning, Applicant respectfully relies on the remarks set forth in the previous Amendment of June 22, 2004. Mainly, Bruning is not read to teach or suggest a display device capable of divisionally displaying an image on presentation device 14 and personal viewing device 34. Moreover, it is respectfully submitted that since Bruning relates to a two-way presentation system, it lacks any motivation or incentive to divisionally display an image. As understood, Bruning is attempting to enhance electronic presentations by allowing for real time corrections and interactive presentations.

In view of the foregoing, reconsideration and allowance of this application is deemed to be in order and such action is respectfully requested.

Applicant's undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below-listed address.
